

INNOVATIVE AND FLEXIBLE OPERATIONAL DUE DILIGENCE (“ODD”)

“perFORM Due Diligence Services Limited (“perFORM”), a JTC Group Company, has had a strong year, with impressive and rapid revenue growth and expanded the team from three to eight people in 2022. The success of this flexible operational due diligence-only boutique vindicates the founders’ vision that a distinctive pure play ODD offering, blending substantially remote working with innovative and efficient use of digitalisation and automation, was needed to meet the needs of the traditional and alternative investment industries.”

the hedge fund journal, January 2023

ODD provides a risk assessment of the operations, infrastructure, people and trustworthiness of a firm or fund. It aims to answer questions for investors, such as ‘do my assets exist?’, ‘are they safeguarded from fraud?’, ‘are they valued correctly?’ and ‘is this Firm reliable?’ This helps clients avoid losses and reduce the risk being associated with bad actors.
